# EDUCATIONAL PARTNERSHIPS

Special arrangements must be made for international students Under 18 years of age that are in line with Australian Government regulations, (the ESOS Act) for their care and welfare. The Scape Group has guidelines in place to support partner institutions in complying with the act and for our customers of this cohort who generally need more support when they arrive in Australia.

The Under 18 program is designed to complement the existing services the University and Colleges offer and provide assurance that students are living in a safe, secure and supportive environment.

## **THE UNDER 18 PROGRAM COMPRISES OF:**

- Policies
- Procedures
- Child Safety
- Incident Escalation
- Specific Team Training
- Tailored Check in Procedures
- Arrival Appointments
- Targeted Customer Facing Collateral
- U18 Events

Since housing our first Under 18 students in 2014 our goal has been to be the preferred and trusted supplier to this cohort in PBSA.

# OPERATIONAL EXCELLENCE

## STAYING SAFE WITH ATIRA

We're all living in a new world right now, and we are focused on finding new ways to stay connected in these challenging times. As part of our response to COVID-19, we're encouraging physical distancing, but we're also encouraging team connectivity by employing measures to enhance social communication and support for our wonderful residents. We're focused on staying connected, and our amazing property teams are working on ways to hold resident events in new administrative ways.

Please remember that engaging in physical distancing doesn't mean you have to feel alone. We'll get through this, and we're all in this together, so reach out to your fellow residents (from a distance) at our property store.

It's a challenge, but we have a challenge.

Stay healthy, stay connected.
