# Priorities

Student Understanding and Call to Action is of utmost importance. Some examples:

‘Swim between the flags’

*‘What flags? and Where?’*

‘Call 000 in an emergency’

*‘What type of emergency? What different numbers? Isn’t it 999?’*

‘Do not leave valuables in a public space’

*‘But school library is not public!’*

**Special note on ELICOS Students – With basic English, in class discussions are important**
