The Regional NSW Career Preparation Course

From 1 July 2023, international higher education graduates with eligible qualifications can be granted an extra two years of post-study work rights. Did you know that regional locations in Australia are suffering from skills shortages right now, and could offer you a great way to start your career? This course provides specific advice about how you could study and then find graduate work in the Healthcare and Education industries in regional NSW.

Why are employability skills so important today?

What are the steps to take to improve your work readiness?

What's in this course?

Employability skills and position descriptions

Knowing about yourself and what you can contribute is vital. Learn how to be clear about your job skills, career interests and work values. Discover the elements of a position description.

Your value proposition and networking

Learn to write your value proposition and practice your elevator pitch. Understand how to research and gain access to a network.

Prepare a job application in regional NSW

Search for work in your location and then learn how to write a resume, cover letter and job application.
