

Dear ISANA Member,

We are thrilled to release the preliminary version of the program for the upcoming ISANA Vic/Tas State Conference: [PROGRAM - ISANA VIC/TAS CONFERENCE](#)

'In it Together' was the theme of the ISANA National Conference in Melbourne in 1997. It was the first time the idea of partnerships and collaboration was fully discussed and promoted among IE professionals.

Through many years of ISANA conferences, both State and National, we have been champions of change management, adopted new ways of doing things, and developed new ways of thinking to support students together. This has included partnerships, collaboration on projects and referrals to specialist services.

This year, we are emerging into a changed world of international education. The Vic/Tas State Conference will enable you to improve your understanding of the current environment and learn about best practice projects that make a difference for international students. The conference program includes a workshop stream with workshops that unpack culture, compliance and student wellbeing; a panel stream with panels that focus on international student accommodation, employability and professional development; and as always a much-loved international student panel that

asks our students for their insights on living and studying in our campuses and communities.

- **Date:** Friday 8 September 2023
- **Time:** 8.30am - 5pm (AEST)
